

Come build the future with us. Interstate Advanced Materials is seeking a **full-time CNC Operator at our Boise, ID facility**. At Interstate Advanced Materials, we support the professional growth of our employees while providing exceptional services to our customers. We are a wholesale distributor and fabricator of high performance plastic sheet, rod, tube and film supporting various industries including aerospace, defense, semiconductor, medical, food processing, automotive, agriculture and more. Headquartered in Sacramento, CA, our family-owned firm employs over 170 employees in seven states across the US. An environmentally sustainable, award-winning organization, Interstate Advanced Materials is committed to solving customer challenges with innovation, dedication and collaboration. So if you are passionate about doing your best work at a company that values your contributions, we want to hear from you.

**Summary:**

Interstate Advanced Materials is looking for a CNC Operator to help us grow in our fabrication and machining capacity. This role will require flexibility to setup and work with different machines such as CNC Router and panel saw. The right candidate will be an excellent communicator with a positive attitude, willing & capable of growing with the company.

**Responsibilities include:**

- Have a great attitude. A positive attitude and a team mentality is vital to our success
- Run and sometimes setup CNC routers and panel saw
- Maintain quality control documents and update setup information
- Provide feedback to maximize programs for better run times, material yields, and scrap rates
- Keep work area clean and tidy
- Accurately read & interpret prints
- Check and measure parts to ensure quality & accuracy
- Work as a team with other employees to help the branch reach its goals
- Other duties as required

**Requirements:**

- CNC experience is a plus, but not required.
- Forklift experience is a plus, but not required.
- Ability to read & interpret prints/drawings
- Communicate positively & effectively with coworkers
- Mathematical skills: Add, subtract, multiply, divide. Compute rate, ratios, & percentages
- Ability to work overtime as necessary.
- Attention to detail

This is a full-time position that offers a comprehensive benefits package with health insurance, vacation, sick time, holiday pay, a generous 401k match, and a work place you love.
