

Important: This position is in Twin Falls, Idaho. Please do not apply unless you are willing to relocate to Twin Falls. Relocation assistance is offered.

Seastrom Manufacturing Company, Inc.

About Us

Seastrom Manufacturing Co., Inc. is a U.S. manufacturer of precision stamping along with standard and custom assembly hardware located in Twin Falls, Idaho. Seastrom has earned the distinction as an approved supplier for most major aerospace, automotive, and commercial manufacturers. Seastrom offers several custom capabilities including Precision Stamping, CNC Machining, Multi-Spindle Screw Machining, Four-Slide Process, Waterjet, Laser Part Marking & Engraving, Special Packaging, and Engineering assistance in developing parts that will increase value and lower costs.

Seastrom Manufacturing's investment in manufacturing capabilities and certifications assure each customer the highest level of precision. Seastrom Manufacturing is DFARS, REACH, RoHS, Nadcap, PPAP, and ITAR compliant, and is ISO9001 and AS9100 certified.

Opportunity: TOOL ROOM MACHINIST TECHNICIAN – Full Time, Part Time, Flexible Schedule

The **Machinist Technician** will work with the Tooling Department to fabricate tooling needs for the department by meeting quality standards, using precision equipment and accurate interpretation of advanced engineering drawings or blueprints. Consistently follows processes and schedules independently, with periodic interaction with manager and others while following our core values of maintaining relationships in a team environment modeling professionalism, interpersonal skills, problem solving, adaptability, and personal value commitment.

ESSENTIAL DUTIES AND RESPONSIBILITIES include the following:

- Do setup work on Tool Room equipment without supervision.
- Set up and operate a variety of machine tools (e.g., manual & programmable Wet & Dry Surface Grinders, Cylindrical Grinder, Jig Borer, and manual Lathe) to produce precision parts and instruments.
- Includes precision instrument makers who fabricate, modify, or repair mechanical industrial machines.
- May also fabricate and modify parts to make or repair machine tools or maintain industrial machines, applying knowledge of mechanics, shop mathematics, metal properties, layout, and machining procedures.
- Provide simple and complex written and spoken communication links.
- Manage deadlines and shifting priorities.
- Exhibit knowledge of conventional and jig grinding equipment.
- Fabricate tooling from blueprints, part drawings, sketches, and verbal instructions.
- Other duties may be assigned.

QUALIFICATIONS:

- Must be at least 18 years old.
- High School diploma/GED or equivalent combination of education and experience.
- Qualified Machinist on Mill, Drill, Lathe, Grinding Equipment, etc.
- Ability to read, write and speak the English language with comprehension skills sufficient to understand safety standards and job performance expectations.

Date: 7/6/2023

- Ability to add, subtract, multiply, and divide in all units of measure, using whole numbers, common fractions, and decimals; a working knowledge of advanced mathematics, including but not limited to trigonometry.
- Ability to interpret instructions which may be furnished in written, oral, diagram or schedule form.
- While performing the duties of this job, the employee is regularly required to stand and walk; use hands to finger, handle, or grab; reach and pull with hands and arms. Some sitting may be required. The employee is frequently required to lift and/or move 50 pounds. Specific vision abilities required by this job include close vision, depth perception and the ability to adjust focus.
- While performing the duties of this job the employee is regularly exposed to noise and moving mechanical parts, and there may be air and/or skin exposure to oils and other cutting fluids.
- The noise level in the environment is moderate.
